

Humanities and Science Campus Square Update

Changed Traffic Arrangements

Enid Lyons Street will permanently close from Thursday 9 April 2009 to facilitate the construction of the Humanities and Science Campus Square, between the National Library of Australia and Questacon.

Enid Lyons Street is located on the lake side of the Questacon building.

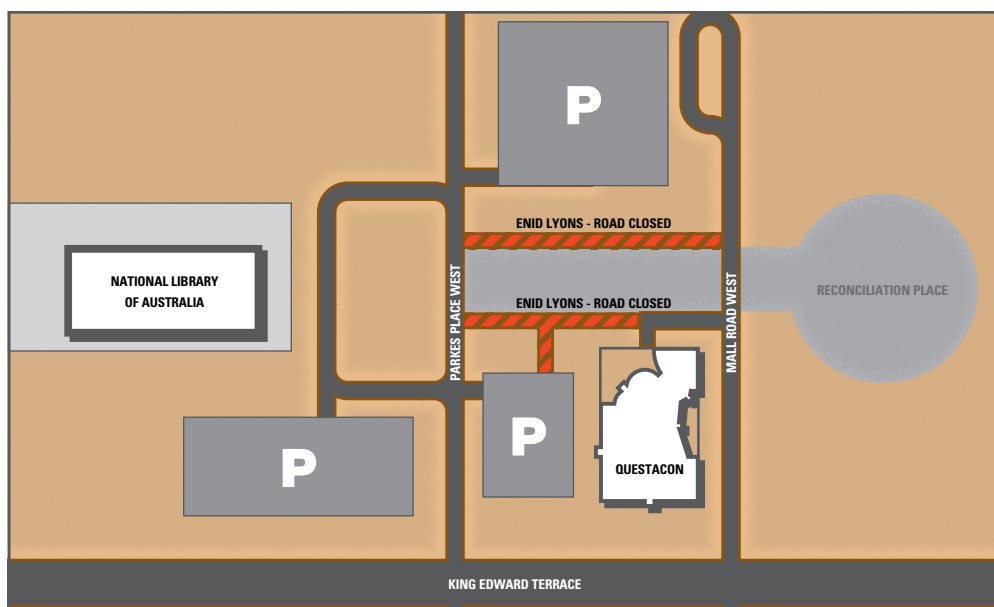

Entry to the Questacon carpark will be via a new entrance off Parkes Place West, and buses will be directed to park in new designated coach parking on Mall Road West.

The changed traffic arrangements will not affect access to the Questacon underground loading dock.

Temporary road signage will be installed to inform road users of the changed traffic conditions.

Enid Lyons Street will be removed to create a new park with seats, barbeque facilities and a picnic shelter.

The Humanities and Science Campus Square, between the National Library of Australia and Questacon, is scheduled to be complete by September 2009.
